Consultant - Digital Marketing

PROFILE SUMMARY

Results-driven Digital Marketing & Analytics Consultant with 7+ years of experience in performance marketing, ad operations, campaign management, web analytics, and tag management solutions. Previously worked at Deloitte Consulting India Private Limited, handling enterprise-level campaigns and analytics implementations across multiple digital platforms. Experienced in Google Marketing Platform, including Search Ads 360 (SA360), Campaign Manager 360 (CM360), Display & Video 360 (DV360), Google Ads, Google Analytics 4 (GA4), and Google Tag Manager (GTM). Hands-on experience with Meta Ads, Adobe Analytics, Tealium iQ, Adobe Launch, Looker Studio, Twitter Ads, Jira, Celtra, Verve, and Genesis for campaign management, tracking, analytics, and reporting. Took a planned career break to manage family responsibilities and am now fully committed to resuming my professional career.

EDUCATION

- 2015MBA/PGDM
Osmania University, Hyderabad
- 2012B.Tech / B.E.
Jawaharlal Nehru Technological University (JNTU)

WORK EXPERIENCE

- Sep 2021 - Jun 2023Consultant - Digital Marketing
Deloitte Consulting India Private Limited
Worked on three enterprise digital marketing projects covering campaign management, web analytics, tag management, and analytics implementation for global clients. Below are the details of the projects along with the roles and responsibilities:.
Campaign Management & Reporting (Meta Ads, Pinterest, Campaign Manager 360, Google Ads):
 - Managed campaign setup and trafficking across Meta Business Manager, Google Ads, Twitter Ads, and Campaign Manager 360 using Minerva for third-party tag generation.
 - Managed campaign trafficking, daily pacing, weekly reporting, and end-of-campaign performance reporting throughout the engagement.
 - Managed digital advertising campaigns across Search (Google Ads), Display (CM360 & DV360), and Paid Social (Meta Business Manager & Pinterest).Tag Management & Analytics(GTM, DDA attribution model, Goals setup, Data import in GA360, GA3 to GA4 Migration):
 - Performed tag validation for the J.Crew project by identifying untracked website events and validating active and inactive GTM tags.
 - Supported the Revolve project by maintaining the DDA attribution model, configuring data imports, validating goals, and developing technical design documents and playbooks.

Sep 2019 - Sep 2021

Adobe Analytics & Pixel Implementation(Pixel implementation and removal using Tealium, Validating Adobe analytics call on website site):

- Implemented page-load and click-based MediaCom pixels using Tealium on client websites, ensuring accurate tracking and successful production deployment.
- Validating the implemented pixels and pushing them to production. Additionally, removing Legacy Pixels from the ecosystem.
- Validating the Adobe analytics call on web site and also performing the regression testing for various Tealium profiles.
- Delivered daily and weekly project status reports to stakeholders. Coordinated a 4-member consulting team for campaign management, analytics implementation, and tracking projects.

Campaign Manager

Mediamint

- Managed campaign setup, trafficking, and reporting for Valassis advertisers.
- Implemented CM360, IAS, Sizmek, and third-party tracking solutions.
- Worked with Genesis, Celtra, Verve, SA360, and Google Ads.
- Led a 6-member campaign operations team while ensuring campaign quality and stakeholder communication.

Aug 2017 - Aug 2019

Business Operations Senior Analyst

Accenture

Supported enterprise advertisers using Search Ads 360 (SA360), providing campaign management, reporting, optimization, and troubleshooting across Google Marketing Platform. I have in depth knowledge on:
SA360 Reporting
Campaign creation
Campaign optimization
Experience with Campaign Manager 360 (CM360), Google Ads, Microsoft Ads (Bing), Google Analytics, and Merchant Center. Mentored and trained 4 new hires on SA360 workflows, campaign troubleshooting, and client communication.

Aug 2016 - Mar 2017

Claims Analyst

ITC Infotech

Provided claims processing support and assisted peers with process-related queries for UnitedHealth Group.

Jun 2015 - Jun 2016

Technical Support Engineer - Internet, Voice & Cable Services

Knoah Solutions

Provided technical support for Internet, Cable TV, and Digital Phone services by diagnosing issues and delivering timely resolutions.

PROFESSIONAL ACHIEVEMENTS

- Managed digital advertising campaigns with budgets of up to USD 50,000 across Google Marketing Platform and paid social channels.
- Executed end-to-end campaigns using Google Ads, SA360, CM360, DV360, Meta Ads, Twitter Ads, and Pinterest.
- Contributed to GA3 to GA4 migration, including event validation, goal setup, DDA attribution, and data import.
- Implemented and validated Adobe Analytics, Google Tag Manager, Adobe Launch, and Tealium tracking solutions.
- Managed campaign trafficking, optimization, reporting, QA, and stakeholder communication for enterprise clients.
- Mentored new team members, supported onboarding, and created process documentation.
- Received Best Employee of the Year at Accenture.

- Awarded the Bravo Award at Knoah Solutions.
- Earned multiple Client Appreciation and Spot Awards at MediaMint.
